To learn more and to register, please visit [here](#).

Ohio Manufacturing Extension Partnership (MEP) Program

Ohio MEP helps Ohio's small and medium-sized manufacturers to increase sales, create jobs and generate cost savings through technological innovation, workforce training and improved management practices. Small and medium-sized manufacturing companies are critical to Ohio, representing 90% of job growth for high-paying jobs. For every new manufacturing job that is created or retained, three to five supporting jobs are also created. Contact Dorinda Byers (byers.18@osu.edu) or Susan Foltz (susan.foltz@development.ohio.gov) to learn more.

Need Help Marketing Your Products or Services Internationally?

The **International Market Access Grant for Exporters (IMAGE)** program helps small businesses increase exports and create jobs in Ohio's economy. The program reimburses at a 50% rate, capped at \$12,500 per eligible approved applicant. The IMAGE program is funded, in part, through the Small Business Administration's State Trade Expansion Program (STEP). For more information about the IMAGE program, visit: www.image.development.ohio.gov.

Ohio EPA's Division of Environmental and Financial Assistance

Ohio EPA's Division of Environmental and Financial Assistance (DEFA) provides several compliance, technical and financial assistance programs to help Ohio communities and businesses with their environmental needs. More information on these services and relevant contact information can be found on DEFA's website at:

<https://www.epa.state.oh.us/defa/>

For questions about these services, please contact [Amber Hicks](#) at (937) 285-6439.

USDA, Rural Development, Business & Industry Loan Guarantee Program has funding available for Fiscal Year 2019!

The USDA, Rural Development, Business & Industry Loan Guarantee Program can provide loan guarantees for the purpose of:

- Acquiring new businesses or expanding existing businesses;
- Purchasing and improving real estate;

- Purchasing machinery & equipment;
- refinancing outstanding debt; and
- providing term working capital.

Projects prioritized by headquarters are those projects intended to further enhance the rural economies by providing well-paying employment, essential community services and long term investments. These priority projects include:

- Broadband; high-speed internet connectivity.
- Commercially available unmanned technologies.
- Food distribution such as grocery stores and food manufacturing along with agritourism and biotechnology.
- Advancement of energy security by boosting production of energy from natural gas, oil, coal and renewables.
- A focus on “made in America” including projects for infrastructure, distribution, and value-chain participants.
- Projects that advance the quality of life. For example modern utilities, medical services, and for the treatment and recovery of opioid addiction.
- Advancement of career training and development.

The loan guarantee can be used to provide better rates and terms to the businesses you serve while reducing lender risk. In addition to reducing risk, the issuance of the loan guarantee can allow for additional fee income through the sale of the guaranteed portion on the secondary market.

Should there be an opportunity to consider financing one of these projects, please keep these programs in mind. There are guarantees of 80% for loans up to \$5,000,000; 70% for loans of \$5,000,000 - \$10,000,000, and 60% on loans over \$10,000,000.

Please contact a staff member listed below to schedule a time to meet to further discuss the program and its advantages.

You're Invited

Environmental Entrepreneurs (E2) and Energy Optimizers, USA invite you to:

CLEAN ENERGY AT A CROSSROADS

Please join Energy Optimizers, USA, E2 and your fellow Dayton-area business leaders for a special invitation-only evening with local, state and federal policymakers to discuss the future of clean energy in Ohio and what it means to your business.

11.4.19

THE STEAM PLANT

Reception and Networking: 5-5:30pm

Program: 5:30-7pm

617 E 3rd St. Dayton, OH

RSVP: cleanenergycrossroads.eventbrite.com

Drinks and Appetizers Provided

New state and federal policies are changing the outlook for renewable energy and energy efficiency in Ohio – and the jobs that come with it. Now, cities like Dayton are stepping up efforts to lead the way on clean energy in America. At this event, you will:

- Learn how you can help shape future energy policies
- Get a sneak peek at a new program especially for young clean energy professionals who want to make a difference in the world

SPEAKERS INCLUDE:

Debbie Lieberman - Montgomery County Commission President

Jim Butler - Ohio House of Representatives, Speaker Pro Tempore

Greg Smith - Founder of Energy Optimizers, USA

MODERATED BY:

Bob Keefe - Director of E2

WITH SPECIAL APPEARANCE BY:

U.S. Senator Sherrod Brown
