Workplace Decisions & Actions to Prepare for Ohio's Medical Marijuana Law

Presented by: Karen Pierce, *Managing Director of Policy Development & Training - Working Partners®*

September 8, 2018 is the deadline for Ohio's medical marijuana law (Ohio HB 523) to become fully operational. As employers, you've got some prep work to do! Before September, employers must make a few key decisions – *then act on* – how they will respond to the law. But these decisions need to be based on more than personal opinion and assumptions about marijuana and its application as medicine. Decision-makers need to consider the operational, financial, and workforce implications that can ultimately impact workforce readiness, drug-free workplace programs, and bottom lines.

In this session, *Working Partners®* will discuss the law through a business lens, share protections the law affords employers, pose realistic scenarios for practical understanding, and offer a roadmap to begin navigating these decisions and actions.

**Cost: \$20 (includes continental breakfast and parking) | April 5th, 2018 | 7:30-9:00 a.m. | Montgomery County ADAMHS
